

Weather Wise® Railing Colors

Charleston and Kenmore Residential Systems, and Baltimore and Fairfield Commercial Systems are available in these colors. Colors shown are for representational purposes and may slightly vary from actual product. Lexington comes in white and tan only.

Code Compliance Research Report (CCRR-0100)

Residential and Commercial Railing

Charleston (1-Rail Top, 2"x3.5" Bottom Rail, 1.5"sq Pickets)

Weather Wise® Vinyl Railing

From residential to commercial to specialty railing, you will not find a stronger or more elegant railing system at such an affordable price. With Weather Wise railing, we offer a wide selection to choose from.

Boxed in 4', 6', 8', and 10' lengths for straight sections and 4', 6', and 8' lengths for stair sections.

Lexington (1-Rail Top, 2"x3.5" Bottom Rail, 1.5" MVP Spindles)

Each boxed rail section contains top and bottom rails, pickets, aluminum reinforcements, all brackets, bracket covers, and hardware. Lexington features MVP's own patented spindles (Pat 518, 188).

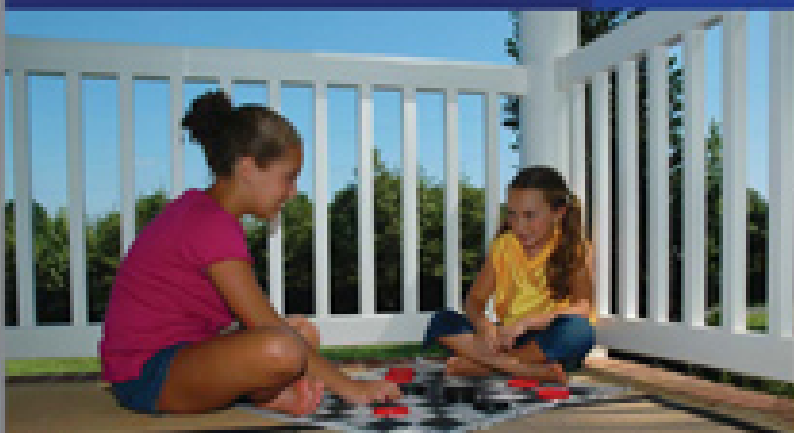

Baltimore (Commercial 2"x3.5" Top and Bottom rails, 1.5" sq Pickets)

Commercial Railing is shipped assembled or in bulk and is available in 4' to 10' lengths in 1' increments for straight sections and 4' to 8' lengths in 1' increments for stair sections.

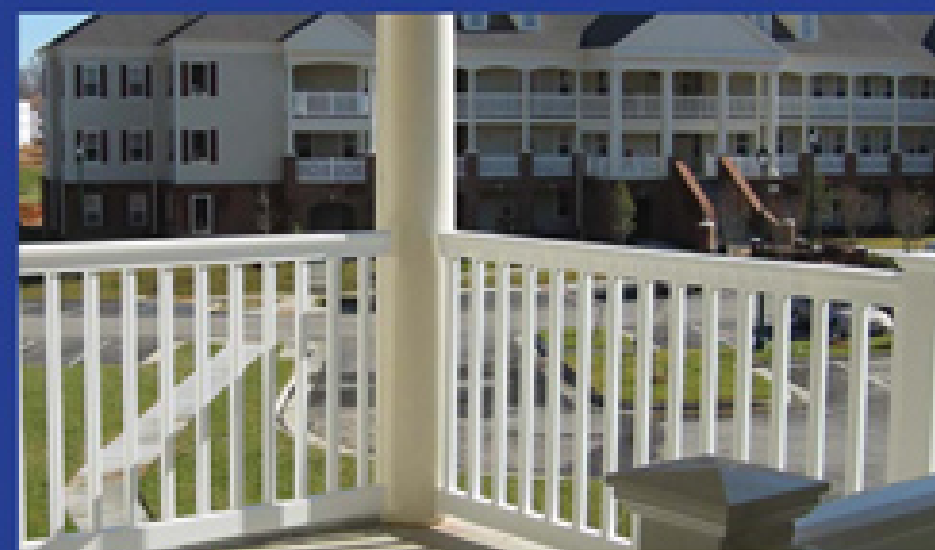

Commercial rail sections contain top and bottom rails, pickets, aluminum reinforcements, all brackets, bracket covers, and hardware.

Weather Wise® Vinyl Railing

Incomparably strong, our residential and commercial railing systems have been tested to withstand extreme heat and severe cold. They will endure through children, grandchildren, and great-grandchildren. Our railing systems are tested, and evaluated on a continual basis (which is traceable to every box) and exceed safety code standards when tested in accordance with ICC-ES AC174. Our Code Compliance Research Report CCRR - 0100 can be found online at www.archtest.com under Code Compliance Research Reports or at www.mvpweatherwise.com. At Mid Atlantic Vinyl Products, we strive to provide our customers with a product that is engineered for safety, designed for elegance and quality, and competitively priced with a level of service that exceeds the customer's expectations. Ultimately, we want you satisfied and at ease.
